firechief1@petersburgak.gov

Please complete the survey you received with your utility bill

Petersburg Borough Water Utility is participating in a grant from the EPA to help build their water service line inventory.

The goal of this effort is to ensure that there is no lead piping in the water system, or to find out where lead may be located so that it can then be removed and replaced.

Submit your findings using the Lead-Safe Alaska Portal found at this QR code.

Or fill out the survey you received with your water utility bill and return it to the Borough Water Department or Public Works.

Thank you for helping Petersburg Borough complete this water service line inventory to ensure that your water is lead-free.
