## Keep Garbage Secured

Bear activity in town is picking up and incidents of bears getting into garbage have been reported. Public Works would like to remind all Sanitation customers to keep garbage securely stored – preferably indoors - until the morning of collection day. If garbage cannot be stored indoors and must be stored in the garbage can, a rope or strap should be used to keep the lid of the refuse container securely closed. The lid should then be untied on the morning of garbage pickup day to allow it to be emptied by the Borough's automated collection truck.

Failure to keep garbage properly secured may result in citations and fines as described in Section 14.12.080 of the Petersburg Municipal Code.

*Please contact Public Works at 907-772-4430 with any questions.*
